

Chemicals for Rolling Oil

Used for Rolling Oil of Steel, SUS, Aluminum.

Application ;
Steel sheet(coil), Aluminum sheet(coil), SUS sheet(coil)

Process chart example of Rolling

Cold-Rolling of Steel Sheet

Product		Application	Type	Remark
FINEROL	FR-150 series	Re-Circutration type	For sheet gauge	Synthetic ester
	FR-160 series		For sheet gauge	Synthetic ester
	FR-720 series		For electrical steel sheet	Mineral Oil
	FR-730 series	Direct-Application	For SUS sheet	Synthetic ester
	FR-50 series	Direct-Application type	For sheet gauge	Synthetic ester
	FR-180 series		For sheet gauge	Palm Oil
	FR-100 series	Cleaner	For Roll-Machinery	Non Alkaline

Hot-Rolling of Aluminum Sheet

Product		Application	Type	Remark
FINEROL	FR-A series	For Pre-Rolling	Mineral Oil	
	FR-AF series	For Finish-Rolling	Synthetic ester	

Skin Pass for Steel Sheet

Product		Application	Type	Remark
FINEPROOF	FP- series	Fro Skin Pass		

The above chemicals are represedntative example. We can suggest the most suitable chemicals for each customer.
